

## Booking a Casual Tee Time with the BRS App

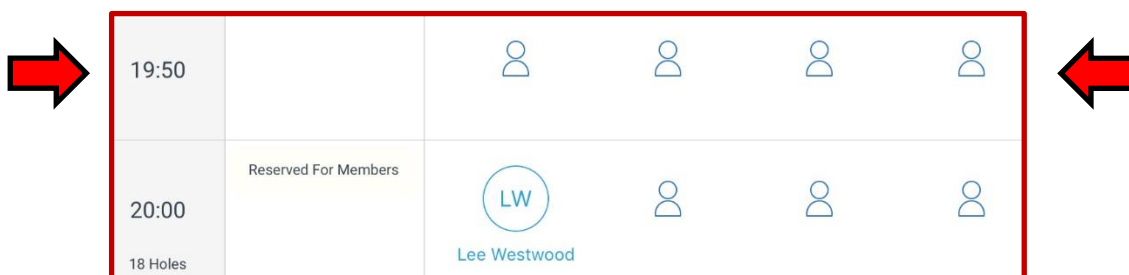

After logging in, tap **Book a Tee Time** at the top of the Dashboard page:

Tap the required date to go to the tee sheet ...

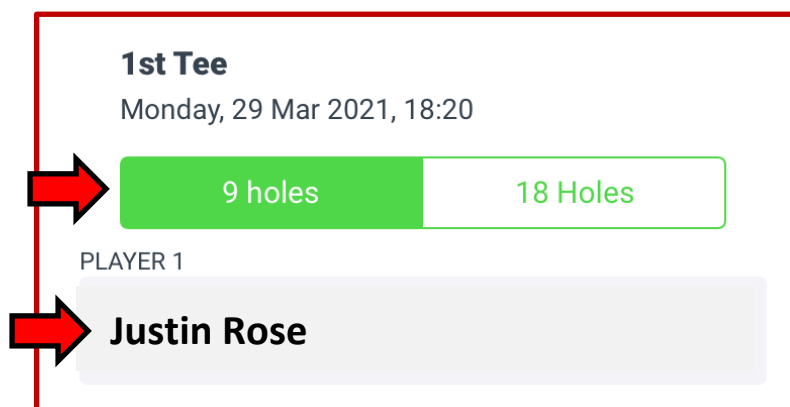

... then tap anywhere on the tee time that you wish to book:

When making a booking for the 10th tee you need to set the number of **Holes** to **9**.

Tap **Player 1** to insert your own name:

Tap **Player 2** to bring up a list of other members and select the one you wish to add.  
You can search for a surname by typing in the box at the top of the page, or you can select from your list of Buddies (see elsewhere for how to set up your Buddy List).

## To Change a Booking

To amend a booking, click anywhere on the tee time to go back to the Booking page.

Tapping on a player will present the **Remove** option. Tap to confirm the removal:

If you remove yourself and substitute another player, you won't be able to book another tee time on the same day because this tee time will still count as your 1 booking per member per day.

After making any changes tap **Update**.

Alternatively you can tap **Remove My Booking** to delete the whole booking.
